Presidents Cup / Silver Cup

Originally this tournament was individual play -- one qualification round and three rounds of match play in flights. In 1985, it was switched to doubles play. In 1988 it was decided to play singles and doubles in alternate years. To further confuse historians they started to call the Doubles competition the Silver Cup -- which tended to confuse it with the unrelated Silver Cup Derby mixed couples event.

Couples Derby tournaments

The first records we can find of a couples Derby format competition was Dean's Derby, started in 1978 by then GM Dean Kring. The ten lowest handicap men and women's players were invited with the No. 1 man paired with No. 10 woman and so on. All teams start on Hole 10, with the high score eliminated at each hole. By Hole 18 only two couples are left. The Derby stopped with the departure of Kring in 1980.

The Derby format was revived by club pro Bob Silver in 1991 with the teams determined by blind draw. By almost all accounts this was one of the most exciting tournaments, with up to 200 spectators following the action from hole to hole. In 2005, it was called the Hall of Fame Derby, then in 2007-09 the Lunde Cup and since 2010 it has been the Old Ranch Cup.
